

# Fishery Summary 2023: *Dissostichus mawsoni* in Subarea 48.6

CCAMLR Secretariat

03 May 2024

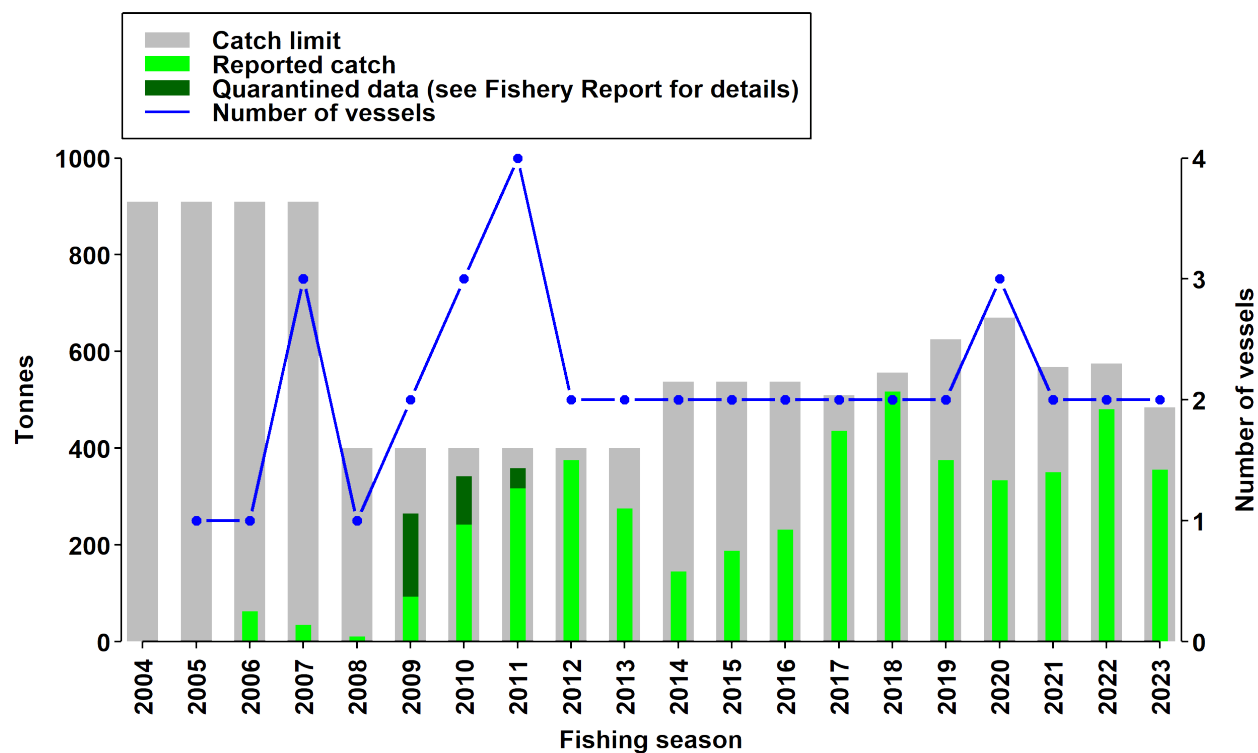

Antarctic Toothfish, *Dissostichus mawsoni* Norman, 1937.

Map of the management areas within the CAMLR Convention Area. Subarea 48.6, is shaded in green. Coastlines and ice shelves: UK Polar Data Centre/BAS and Natural Earth. Projection: EPSG 6932.

## Catch history

Catch and effort history in Subarea 48.6.

## Summary table

|                                               |                              |
|-----------------------------------------------|------------------------------|
| Stock Status                                  | <a href="#">Data limited</a> |
| Classification of Fishery                     | Exploratory                  |
| Fishing gear                                  | Demersal longlines           |
| Conservation Measure specific to this fishery | <a href="#">CM 41-04</a>     |

## Additional Conservation Measures

In addition to [Conservation Measures](#) that apply to all Areas and all Species, the following Conservation Measures address wider environmental considerations in this fishery:

| Description                                                                                                                                | Species                  | Area      | Conservation Measure     |
|--------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-----------|--------------------------|
| Exploratory fisheries                                                                                                                      | All Species              | All Areas | <a href="#">CM 21-02</a> |
| Daily Catch and Effort Reporting System for Exploratory Fisheries, with the exception of exploratory krill fisheries                       | All Species              | All Areas | <a href="#">CM 23-07</a> |
| Minimisation of the incidental mortality of seabirds in the course of longline fishing or longline fishing research in the Convention Area | All Species              | All Areas | <a href="#">CM 25-02</a> |
| Limitation of by-catch in new and exploratory fisheries in the 2023/24 season                                                              | All Species              | All Areas | <a href="#">CM 33-03</a> |
| General measures for exploratory fisheries for <i>Dissostichus</i> spp. in the Convention Area in the 2023/24 season                       | <i>Dissostichus</i> spp. | All Areas | <a href="#">CM 41-01</a> |
